**+**  
**Free  
your imagination**

For those who long to break free from the conventional. For those who dream of pushing the boundaries. For those who crave more than the expected.

For them, we've created Monteo+™.

Welcome to a rich, new world of creative possibility. Let your imagination run wild.

## RICH IN DEPTH

Monteo+™ is our luxury range of melamine faced board, built on our distinctive NobleCore™ substrate.

NobleCore™, a rich black, high-density MDF, can be machined and shaped by CNC, spindle or router. The exposed black edges are a key feature of the panel and give you the freedom to mould the edges into a profile of your choice. By adding a decorative melamine face, you have the perfect canvas on which to explore decorative surface patterns through CNC or router.

Made for today and inspired by global trends, Monteo+™ is designed for surface detailing, panelling and decorative edge treatments in living areas, kitchens, offices and shopfitting.

Put your own creative stamp on any space with Monteo+™.

## INTERIOR APPLICATION

Monteo+™ sets your space apart from the rest. In a premium 18mm thickness, Monteo+™ is perfect for exposed, profiled edges, organic shapes and surface patterns in kitchens, living areas, offices and shopfitting applications.

Our new black NobleCore™ substrate offers a versatile canvas for decorative edge and panel shaping. And it is made using moisture resistant (MR) resin, to withstand the daily demands of living and working spaces. It is, however, still strongly recommended to treat all exposed and / or machined edges and profiles with a suitable wood oil to ensure your installation lasts as long as possible.

NobleCore™ is moisture resistant, but *not* waterproof. Do not expose the black core to excessive amounts of water.

See our recommendations on finishing and sealing.

## HOME GROWN

Monteo+™ is manufactured in South Africa by PG Bison and is engineered and crafted to international standards. It means you have the comfort of knowing this is a readily available product with the quality and consistency you have come to expect from PG Bison.

## UNLIMITED POSSIBILITY

Whether your imagination desires a refined straight edge or a custom shape like an oval boardroom table or a circular coffee table, Monteo+™ allows for seamless shaping and profiling. Fresh, effortlessly stylish and designed for creativity, Monteo+™ is where beauty meets precision.
