

# HIGH DENSITY FIBRE BOARD

Compact 88 TM is an 88% Water Resistant High Fibre Board which is a balanced blend of responsibly sourced wood fibers, E1 bonding agent, resins, heat and then pressure, and that is all that is needed to make one of the most versatile fiber boards available in South - Africa.

***\*To be sealed with a penetrating wood sealer before installation.***

## COMPACT 88

SKU: 1377039  
 Category: Compact88  
 Board Size: 2440 x 1220mm  
 Finish: Natural/Plain  
 Thickness: 2.5mm, 6mm, 8mm, 12mm, 16mm, 18mm, 25mm

## COMPACT 88 WHITE

SKU: 1377039wh  
 Category: Compact88  
 Board Size: 2440 x 1220mm  
 Finish: Natural/White  
 Thickness: 16mm

## Some Compact™ 88 Test Results

Test Items Units	Modulus of Rupture Mpa	Internal Bond Strength Mpa	Density g/cm <sup>3</sup>	Moisture Content %	Thickness Swelling %
